Amir's Remarks
Introduction

Assalamu alaikum
wa rahmatullahi wa barakatuh

Brothers and sisters, esteemed guests and valued stakeholders, I am honoured to welcome you to Birmingham for our 2026 AGM and Conference, under the theme "Fortifying Trust: Accountability, Security, and Institutional Resilience in the Digital Age".

Before we proceed, I ask that we pause to remember members of our community who have returned to their Lord since we last met: the late **Hassan Yusuf**, and the late **Zakariya Abdullahi** of Essex. *Inna lillahi wa inna ilayhi raji'un.* We ask Allah (SWT) to forgive them, to have mercy on them, to make their graves spacious and filled with light, and to grant them Jannatul Firdaus. May He give their families patience and comfort. Ameen.

I thank every chapter, every family and every individual who stood by the bereaved: those who travelled, those who gave, those who cooked, those who called, and those who prayed. You did not wait to be asked. That is who we are.

We are a community that serves and supports. Our strength does not lie in our numbers or in our bank balance. It lies in how we carry one another in times of need and bereavement. We live miles apart, in different cities, each with our own challenges. Yet when one of us calls, the rest of us answer. Distance has never stopped us from standing at a graveside, or at the door of a brother or sister in need.

> **"The believers, in their mutual love, mercy and compassion, are like one body. When one limb aches, the whole body responds with sleeplessness and fever."**
>
> The Prophet Muhammad (SAW) · Sahih al-Bukhari 6011, Sahih Muslim 2586

He (SAW) also said: "Allah helps His servant for as long as the servant helps his brother." (Sahih Muslim 2699). Let us continue to emulate this, and let us teach it to our children. A community that buries its dead together and comforts its living together will not be broken.

Dr Bilyaminu Auwal Romo
Lead Servant – National Amir
Nigeria Muslim Forum, UK
amir@nmfuk.org

I am delighted to update you on our flagship project, the National Centre. This will be more than a building; it will be a beacon of hope, learning and economic empowerment, featuring:

- A hub for Islamic digital banking and financial literacy
- Skills development in the digital economy and entrepreneurship
- Career support and mentorship for our youth
- Community welfare services
- Cultural and religious activities

The Prophet (SAW) taught us that "Allah's hand is with the community." This centre embodies our collective strength.

Youth empowerment: a mandate

This year, I am calling for decisive action. Each regional chapter should integrate youth into its Shura council. Our young people are not just the future; they are the present. They bring the digital expertise and innovative thinking we need.

The Prophet (SAW) appointed Usama ibn Zayd as a commander at the age of 18. Let us follow this example by creating meaningful leadership positions for our young men and women at every level.

Amir's Remarks
Introduction

Islamic-compliant home ownership

In keeping with our theme, I am pleased to highlight a new initiative to deliver Islamic-compliant home ownership solutions for Nigerian Muslims living in the UK. Owning a home should not mean compromising our faith, and a solution our families can trust must rest on accountability, security and sound institutions. We are open to partnership: we invite financial institutions and relevant organisations to collaborate with us to deliver and implement this initiative, drawing on the experts within our own community here in the UK. It also opens other opportunities for the community to support one another, including community investment in our National Centre and support for community enterprise.

In addition, all regional chapters are to establish women's Shura councils or management teams. Our sisters have always been integral to our charitable work, but we must formalise their role in leadership and decision-making.

Aisha (RA) was a teacher of the Sahaba. Khadijah (RA) was the Prophet's greatest supporter. Today, our sisters possess incredible talents that must be harnessed. These women's teams will coordinate charitable activities, support families, organise educational initiatives and contribute to strategic planning.

Our theme reflects a crucial responsibility. The Qur'an commands: "O you who believe! Do not consume one another's wealth unjustly." Trust is an *amanah*. In a digital age we protect it through accountability in how we report, security in how we hold our members' data and funds, and institutions strong enough to outlast any one of us. Our sub-theme reminds us that the diaspora is a bridge for ethical finance and trade between the UK and Nigeria, free from riba, gharar and unethical practices.

The success of these projects depends on sustainable funding. I call upon all members to establish monthly direct debit contributions. The Prophet (SAW) taught us that "The most beloved deed to Allah is the one that is continuous, even if it is small." Your monthly contribution, regardless of amount, ensures the continuity of our noble work.

I invite external organisations, Islamic institutions and stakeholders to partner with us. We welcome collaboration in Islamic finance, youth development, community welfare and digital innovation. I call upon every member to work towards unity through bridge-building, intergenerational dialogue, gender inclusivity and regional cooperation.

Brothers and sisters, we stand at a pivotal moment. The National Centre, youth integration, women's councils and our venture into the ethical digital economy are investments in our future.

To regional chapter leaders: begin immediately to restructure your Shura councils to include youth, and to establish women's management teams. This is not optional; it is essential.

Every member has a role to play, whether through financial contribution, volunteering, mentoring or attending events. The Prophet (SAW) said, "Whoever guides someone to goodness will have a reward like the one who did it."

May Allah (SWT) accept our efforts, guide us in our endeavours, bless the National Centre project, and unite our hearts in His obedience. May He grant us wisdom to lead with justice, courage to innovate with integrity, and compassion to serve with sincerity. I thank all members, volunteers, regional leaders, trustees and partners. Special recognition goes to those who work tirelessly behind the scenes: you are the lifeblood of this organisation.

Together, with Allah's permission, we will build a community that thrives spiritually, prospers ethically, and serves humanity with the compassion exemplified by our beloved Prophet Muhammad (SAW).

Wassalamu alaikum wa rahmatullahi wa barakatuh.

Dr Bilyaminu Auwal Romo, PhD
Lead Servant – National Amir

Treasurer's Report
Financial Summary

Dr Salisu Uba, FCIPS
National Treasurer

This summary covers **1 November 2025 to 31 August 2026**, the date of the latest bank statement available. Over these ten months the Forum recorded a small net deficit of **£860.07**, and the bank balance moved from £23,639.06 to £22,778.99.

Opening balance	Total income	Total expenditure	Closing balance
£23,639	**£10,217**	**£11,077**	**£22,779**
31 October 2025	Nov 2025 to Aug 2026	Nov 2025 to Aug 2026	31 August 2026

Where our income came from

Total £10,216.73

Membership fees and endowment fund	**£3,265.00**	32%
Eid al-Fitr 2026 contributions	£3,050.00	30%
Eid al-Adha 2026 contributions	£1,562.00	15%
Zakat, Zakat al-Fitr and Ramadan donations	£850.00	8%
Online donations (Stripe and SumUp)	£621.43	6%
Glasgow outing (members' contributions)	£527.00	5%
Orphan sponsorship	£300.00	3%
Interest and bank charge refund	£41.30	<1%

£3,265
Membership fees and endowment giving

32% of all income. Our largest single source.

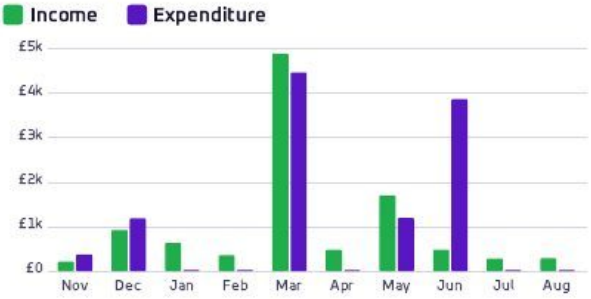

Regular giving from members averaged about **£325 a month**. It comfortably covers our running costs, but not our programmes. A monthly direct debit, however small, is the most valuable gift you can make.

How the money was spent

Total £11,076.80

Eid al-Fitr 2026 event	£1,937.37	17%
Eid al-Adha 2026 event	£1,669.70	15%
Public lectures	£1,500.00	14%
Ramadan, Zakat and Zakat al-Fitr distributions	£1,315.00	12%
eSchool loan	£1,200.00	11%
Bereavement support	£1,000.00	9%
AGM 2025	£847.97	8%
Manchester community event	£647.50	6%
Glasgow outing	£527.00	5%
CNMO subscription 2024 to 2026	£200.00	2%
Glasgow community support	£182.26	2%
Bank charges	£50.00	<1%

Month by month

March was Ramadan and Eid al-Fitr. June covers Eid al-Adha, AGM 2025 costs and two public lectures. Ramadan and the two Eids together brought in £5,462, just over half of all income, and cost £4,922 to deliver.

Notes. £300 received for orphan sponsorship was held for distribution at 31 August 2026. Figures are unaudited, prepared on a receipts and payments basis from NMFUK bank statements for November 2025 to August 2026. September to November 2026 will be reported once statements are received.

Home Ownership
Community Initiative

ISLAMIC-COMPLIANT HOME OWNERSHIP

A home of your own, without compromising your faith

NMFUK is working on an initiative to deliver Islamic-compliant home ownership solutions for Nigerian Muslims living in the UK: a faith-aligned, interest-free alternative to a conventional mortgage. It answers this year's theme directly. A family's home is its biggest financial commitment, and it must rest on trust, accountability and secure, resilient institutions.

270,768
residents of England and Wales were born in Nigeria (Census 2021)

41%
growth in that community since the 2011 Census

25,000–30,000
Nigerian Muslims in the UK may be looking for faith-compliant finance (NMFUK estimate)

How Islamic-compliant home finance works

1

Buy together

You and the finance provider buy the home jointly. Each owns a share. No interest is charged.

2

Pay and grow your share

Each month you pay rent on the provider's share and buy a little more of the home.

3

Own it outright

Your share grows until the home is fully yours. This is known as diminishing Musharakah.

More ways for the community to benefit

- **Community investment.** Islamic-compliant investment accounts that could help fund the NMFUK National Centre.
- **Safe transfers.** A secure, transparent route to bring legitimate funds from Nigeria to the UK for a home purchase.
- **Community enterprise.** Support for start-ups and social enterprises run by members of our community.
- **Financial inclusion.** Clear guidance so that families understand their options and can take part with confidence.

Partner with us

We are open to collaboration with financial institutions and relevant organisations to deliver and implement this initiative, drawing on the finance, legal, technology and housing experts within our community in the UK. To start a conversation, contact the National Amir.

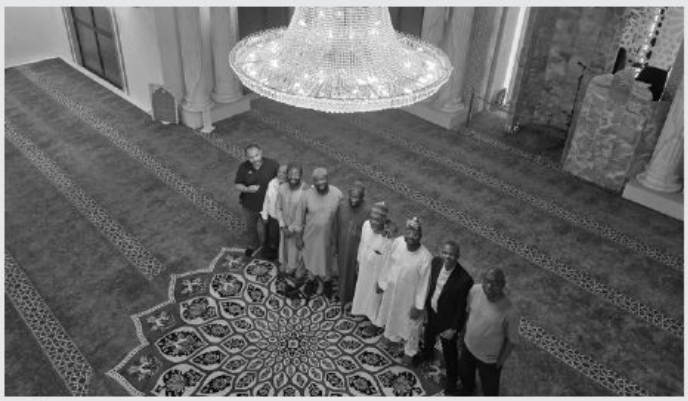

amir@nmfuk.org

Committee Reports

Proposal National Centre

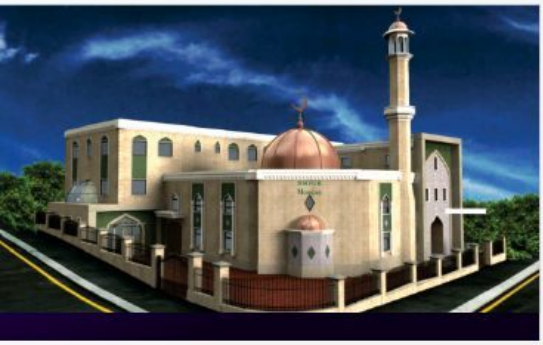

1. Introduction:

The Nigerian Muslim Forum UK (NMFUK) envisions a vibrant community hub that nurtures faith, empowers the youth and women, preserves cultural heritage, fosters economic growth, and promotes lifelong learning. This proposal outlines the establishment of the NMFUK London Community Centre, a multi-faceted facility designed to address the diverse needs of the Nigerian Muslim community and contribute to the broader social fabric of London.

2. Needs Assessment and Justification:

The Nigerian Muslim community in London has experienced significant growth in recent years, creating a demand for dedicated spaces and services that cater to their unique needs. A comprehensive needs assessment has revealed the following:

- **Worship:** Limited access to suitable prayer facilities, especially during

peak times and special occasions.

- **Education:** Growing demand for Islamic and Arabic language instruction for children, youth, and adults.
- **Community Building:** Lack of dedicated spaces for social gatherings, cultural events, and family-oriented activities.
- **Youth Engagement:** Need for programs that address the specific challenges and aspirations of young Nigerian Muslims.
- **Economic Empowerment:** Desire for opportunities to promote entrepreneurship and support local businesses.

The NMFUK London Centre will directly address these needs by providing a purpose-built facility that integrates worship, education, community building, and economic development under one roof. This project aligns with broader community development goals by fostering social cohesion, promoting cultural understanding, and contributing to the economic vitality of the region.

3. Project Description: The NMFUK London Centre will be a state-of-the-art facility designed to serve the diverse needs of the Nigerian Muslim community and the broader London community. It will comprise the following key components:

a. Worship:

Main Prayer Hall: A spacious and well-appointed prayer hall capable of accommodating a large congregation for daily prayers, Jumu'ah prayers, Eid prayers, and Janazah (funeral) prayers.

Smaller Prayer Rooms: Additional prayer rooms for women and for smaller gatherings.

Ablution Facilities: Modern and hygienic ablution facilities for men and women.

b. Lifelong Learning:

• Classrooms: Dedicated classrooms for Islamic and Arabic language instruction, equipped with modern teaching aids, catering to children, youth, and adults.

• Library and Resource Centre: A well-stocked library with Islamic literature, educational resources, and digital media, fostering a culture of learning and knowledge-sharing.

c. Youth Engagement and Elderly Support:

• **Youth Centre:** A dedicated space for youth activities, including recreational areas, study spaces, and counselling services, providing a safe and supportive environment for young people to connect and grow.

• **Multipurpose Hall:** A flexible space for lectures, conferences, workshops, cultural events, and social gatherings, catering to both young and elderly members of the community. It can also serve as a meeting space for the elderly, combating isolation and promoting social interaction.

d. Women's Empowerment and Cultural Preservation:

• **Women's Centre:** (Included based on the needs assessment in the reference documents) A dedicated space for women's development and support, offering resources, workshops, and counselling services.

• **Multipurpose Hall:** This space can also be used for cultural events, celebrating the rich heritage of Nigeria through exhibitions, performances, and workshops.

e. Digital Skills Development:

Computer Lab: (Included based on the needs assessment in the reference documents) A well-equipped computer lab with internet access, providing training programs to empower youth with essential digital skills.

f. Community Shops:

• **Bookshop and Gift Shop:** A retail space offering Islamic books, gifts, and other merchandise, promoting entrepreneurship and generating revenue for the centre.

• **Community Kitchen and Cafe:** A communal space for shared meals, social interaction, and cultural exchange, potentially operated by local entrepreneurs.

• **Office Space:** Administrative offices for NMFUK staff and volunteers to manage the centre's operations efficiently.

This comprehensive approach ensures that the NMFUK London Centre caters to the spiritual, educational, social, and economic needs of the Nigerian Muslim community, while also contributing to the wider London community through interfaith dialogue and cultural exchange.

Proposal 5.1
National Centre

4. Implementation Plan: The project will be implemented in three phases:

Phase 1 (12 months):

- Secure suitable land or building in a central location.
- Complete architectural design and obtain necessary permits.
- Begin construction of the main prayer hall, ablution facilities, and classrooms.

Phase 2 (18 months):

- Complete construction of the multipurpose hall, library, youth centre, and community kitchen.
- Furnish and equip all spaces.
- Recruit and train staff.

Phase 3 (6 months):

- Launch educational programs and community activities.
- Open the bookshop and gift shop.
- Begin fundraising for future expansion and enhancements.

Work Packages: Each phase will be divided into specific work packages, including:

- Site acquisition and preparation
- Architectural design and engineering
- Construction and renovation
- Interior design and furnishing
- Equipment procurement and installation
- Staff recruitment and training
- Program development and marketing
- Fundraising and outreach
- Timeline:

A detailed timeline will be developed for each work package, taking into account potential delays and contingencies. Regular progress reports will be provided to stakeholders to ensure transparency and accountability.

5. Budget and Cost Estimation: The estimated cost of the NMFUK London Centre project is £5,000,000 - £6,000,000. This includes:

- Land acquisition or building purchase
- Construction and renovation costs
- Architectural and engineering fees
- Interior design and furnishing
- Equipment and technology
- Staff salaries and benefits
- Program development and marketing
- Operational costs (utilities, maintenance, insurance)
- Contingency fund (10%)
- Fundraising Strategies and Target Sponsors:

NMFUK will establish a fundraising committee with two sub-committees: a UK sub-committee and a Nigerian-based sub-committee. The UK sub-committee will focus on internal (UK) strategies, while the Nigerian arm will carry out international activities. The sub-committees will operate under one leadership structure.

The fundraising committee will be responsible for the planning and execution of the main fundraising event, including identifying potential donors and following up on pledges. Other fundraising strategies will include:

- Community fundraising campaigns
- Grant applications to charitable foundations and government agencies
- Corporate sponsorships
- Individual donations
- Endowment establishment
- Media fundraising, mosque collections, SMS, internet, and WhatsApp campaigns

Action plan:

- Establish the two sub-committees before the NMFUK annual conference.
- Develop a fundraising strategy, including events and targeted outreach.
- Identify potential sponsors at different levels (individuals, organizations, government).
- Project Implementation Strategy:
- Encourage philanthropists to sponsor specific components of the center (e.g., mosque, academy).
- Utilize an accredited Muslim-owned UK-based construction company for implementation.

The construction company will invoice philanthropists only after approval by the NMFUK centre committee upon fulfilling agreed project standards.

The role of NMFUK in the proposed London Centre can be divided into two phases:

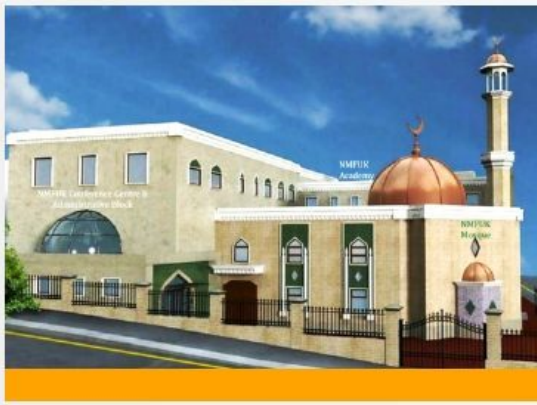

Pre-Centre Regime: The central NMFUK body will serve in an advisory role to the committee, providing logistical support and assisting with:

- Liaising with government and third-party organizations on policy and legal matters.
- External correspondence with the public.
- Publishing and fundraising efforts.
- Project ownership and oversight.
- Providing necessary information and resources to the committee.

Post-Centre Regime:

- The NMFUK Management, in liaison with the London chapter, will assume the administrative role of the centre.
- The London chapter will oversee day-to-day operations, including educational programs, congregational prayers, and community activities.
- The central body will manage overall administration, economic activities (bookshop, potential restaurant, parking, etc.), and occupy office space for administrative purposes.

The NMFUK Management, will also handle external correspondence, council tax and bills, program organization, liaison with authorities, and centre maintenance.

Borehole Committee Report

A committee was set up to source for funds with the aim of drilling boreholes to various communities in Nigeria. Funds have been sourced in UK for the purpose. The funds have been sourced over long span of time and during different fundraising events. About £5,300 have been realized for the project in 2021. The Naira equivalent was N3,494,000 at the prevailing exchange rate at the time.

Four communities in the following states have been selected.

1. Sokoto, (Minannata area in Sokoto town)
2. Zamfara (Gusau)
3. Taraba (Magami) and
4. Adamawa (Girei)

The selection was based on previous request NMFUK received from those communities and the fact that some of the fundraisings were carried out with some of these communities in mind. Each community was provided with one borehole, with total of four boreholes being provided. The projects were all delivered between March and April 2021. A selection of the photos of the work during and after completion are shown below.

Education Committee

The NMFUK Education committee aims to bring a complete positive change in our society in the way we view and value education, knowledge & information by making them available to our community to raise a generation of educated and enlightened members of the society.

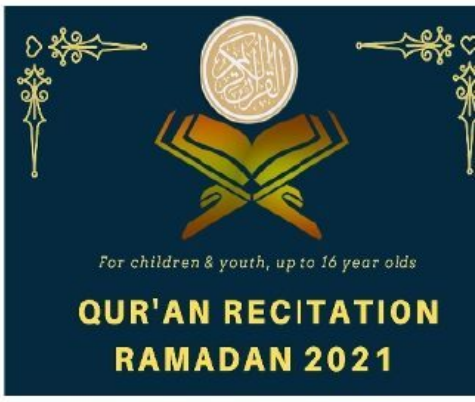

Committee's Objectives

1. Providing Islamic and western educational resources for Nigeria and UK communities
2. Equipping the UK and Nigerian communities with digital and basic IT skills
3. Improving the quality of teachers through teacher training initiatives
4. Increasing access to teaching equipment & resources in educational institutions
5. Encouraging and fostering adult literacy & vocational studies
6. Working with other stakeholders to advocate for qualitative, sound, and purposeful education

Review

NMFUK Quiz & Qur'an Competition

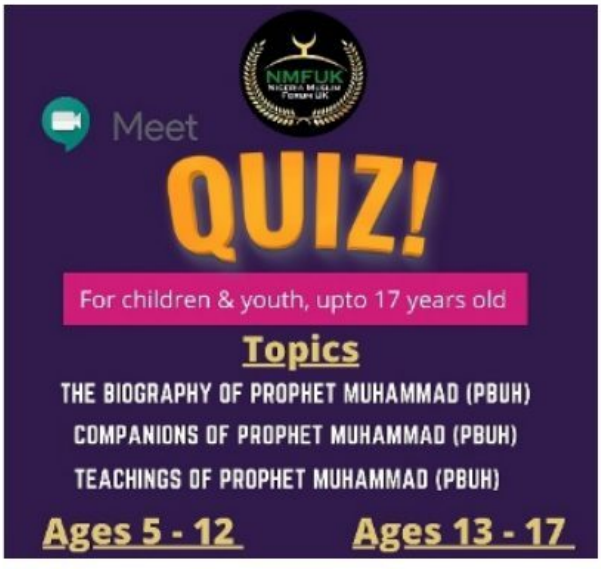

Digital Skills and Teaching Methods Workshops

Online workshop – Working with Ph.D. supervisors

Education
Committee Report

The education committee has organized a series of online quizzes for young people. The committee hosted participants from the UK, Nigeria, and Saudi Arabia. Topics covered include Salah (Prayers), The Holy Qur'an, Pillars of Islam, Months of Islamic Calendar, and the teachings of the Prophet (SAW). Qur'an Competition was also organized with the top 3 reciters featured on the MikiyaTV channel.

The committee has conducted two workshops on digital skills and teaching methods for teachers in Nigeria. The workshop entails training on online teaching via Microsoft Teams and teaching best practices.

On 28th Nov 2020, the committee, in collaboration with the Nurture Roots foundation, has also hosted an online open discussion session with experts from academia on establishing successful relationships between Ph.D. students and their supervisors.

Review

NMFUK eSchool

NMFUK e-School is an online-based Islamic school born out of our community's demand. It has established a robust e-learning system that ensures effective and impactful delivery of Islamic knowledge to our learners at an affordable fee. The eSchool selects versed, experienced, and diverse tutors, mainly from Nigeria, that have both training and expertise in knowledge delivery via the online medium. Additionally, we have tutors that deliver tutoring using a variety of local dialect to cater to an increasing demand from family here that uses the medium for the dual purpose of learning about Islam and consolidating their wards' use of their native language.

At NMFUK eSchool, we strive to:

- treat our students as individuals and provide stimulating and customized learning, setting tasks and goals that are achievable and tailored to the students.
- teach and support the parents to instil good characters in our younger students using the knowledge and wisdom from the Qur'an and Sunnah and the examples from the life of our noble Prophet (may peace and blessing be upon him) and his companions.
- assist our students in strengthening their Islamic belief and practices by Qur'an and Sunnah considering the challenges of the modern world that we live in.
- develop a balanced growth of personality through training of the spirit and the intellect so that students become confident in the practice of, and discussion about, their religion.

Our Platform: At NMFUK e-School, we use Microsoft Teams to organize and deliver lessons and run other academic and co-curricular activities. It enhances a conducive teaching and learning atmosphere.

Method of Teaching: Our learning method in NMFUK e-School is exceptionally based on IEP, i.e., Individualized Educational Practice. This method considers each learner's age, level, and understanding, ensuring they are appropriately engaged and stimulated without neglecting other students.

Programmes/ Classes:

·*Regular Children's Classes:* These classes are based on the age and learning capacity of the students. It is a group section whereby a pupil will collaborate with colleagues when receiving lessons. It also has classes for males only and females only to ensure the smooth transmission of knowledge without hurdles. Our current classes are:

a) Class 1(boys) Ages 4-7 years
b) Class 1 (girls) Ages 4-7 years
c) Class 2 (boys) Ages 8-12 years
d) Class 2 (girls) Ages 8-12 years
e) Class 3 (Girls) Ages 13-18 years
f) Class 3 (Boys) Ages 13-18 years

Boys and Girls aged 13 and above receive 1-2-1 tuition.

·*1-2-1 Classes:* This is where the parent(s) request a tutor to teach their ward(s) separately, or for kids aged 13 and above, where they transition once they complete Class 3.

Curriculum: Our curriculum is designed with our learners at heart and covers a wide range of subjects within the Qur'an and Islamiyyat, including tahfiz (memorization) of the Noble Qur'ān. The subjects are as follows in accordance with the departments:

- Qur'ān Department: Qur'ān, Tajweed and Tafseer.
- Islamiyyah Department: Tawheed, Hadith, Azkaar, Aadaab, Qisas, Suluuk, Ibaadaat, and Arabic Literacy.

We have allocated the subjects to ensure that each area is adequately covered during the week. In addition to the main curriculum, the following co-curricular activities are being provided by the eSchool:

a) Extra lessons during holidays
b) Quiz competition
c) Tutors Development Session
d) Excursion (in progress)
e) Mentoring scheme (in progress)

Alhamdulillah from the eSchool launch in October 2021 to date, we have enrolled over 70 UK-based students and recruited 14 tutors from Nigeria. We also have eight administrators and education committee members volunteering to run the eSchool. For further info or queries about the eSchool, you can contact us via eschool@nmfuk.org

Health Committee Report

The NMFUK Health Committee is tasked with the delivery of healthcare projects under the name of the charity. Members have over the years explored and executed bespoke health related programmes targeted to deliver a good standard level of health care to the indigent citizens in Nigerian rural communities; a strategy that aligns with activities of other committees within NMFUK (orphan, zakat and education).

Other activities the committee has engaged with and developed with time are linked to the healthcare system in Nigeria and public health arena. Through various strategies it has participated and delivered on projects that impact on standard of care provided in Nigerian hospitals, collaborating with partners in both the UK and Nigeria. Three objectives continue to underline the activities of the committee; raising public awareness through health education and other discourse, collaborative partnerships that deliver on global healthcare goals, and delivery of quality treatment to the indigent in the society.

The Covid pandemic significantly impacted on health outreach projects for various reasons; and the security challenges in many parts of the country have also contributed to decreased frequency by which these projects are conducted. The last major outreach programme that was able to deliver on all our outreach targets (treatment with free medicines/surgeries, health education, and collaborative partnership) was at Gombe in February 2020. Global lockdown with restriction of movement came into force few days after the project was concluded.

In November 2021 the committee organised it's first outreach programme after the pandemic. It took place at Rano LGA in Kano State. The 2 day project was organised and led by a committee member with the additional aim of evaluating new clinical practices and logistical processes that evolved due to the pandemic. Due to Covid restrictions the programme was limited to free consultations.

Prior to the pandemic, the primary mode of delivery for a number of these objectives have been through health outreach projects and collaborative partnerships with other organisations/partners in health institutions. Health promotion talks are a vital platform that offers greater outreach to a wider audience. In the post-pandemic era, the committee has adapted to new modes of virtual communication and meetings, and have taken up this avenue to deliver on public health matters. Webinars have been piloted, delivered in both Hausa and English languages with exceptional feedback received.

5.5. Orphans Committee Report

In Partnership with

UNHCR
The UN Refugee Agency
United Kingdom for UNHCR

The Orphans committee runs the orphans sponsorship scheme of NMF UK. The scheme relies on donations by individual donors and masjid especially during Ramadan period. The donations are meant to provide support to orphans in Nigeria. In Nigeria our partner charity NNMI (Network for Nigerian Muslim Initiative) was saddled with the responsibility of disbursing, monitoring and reporting its implementation of decisions made on the entire programme. The scheme pays for school fees, medication and feeding for the orphan on a monthly basis.

The scheme started in 2012 with 13 orphans and rose quickly over the first few years to 73 including family sponsorship. Each selected orphans received twenty five pounds (£25) monthly donation given by some charitable individuals. Each of this individual was linked to an orphan they are sponsoring.

Following graduation out of the scheme as an orphan reaches the age of 18 and dwindling sponsors the number of orphans dropped to 45.

The committee acknowledged the fact that although it generates huge reward from Allah SWT, long continuous sponsorship from a single sponsor could be difficult. As such the need to ensure a system of replacement is sourced. This will enable continuing sponsorship to Orphans.

We would like to seize this opportunity to call on brothers and sisters to support NMF UK in sponsoring orphans in Nigeria. This is a responsibility bestowed upon all of us by Allah SWT. Sponsoring an orphans entails given a donation of £25 monthly to help educate and feed the orphans. Joint sponsorship is also a desirable option.

Sahl ibn Sa'ad reported that the prophet (PBUH)said: "I and the one who sponsors an orphan will be like this in paradise"and he gestured with his index and middle fingers – (Al-Bukhari)

May Allah SWT give us the strength to follow the sunnah of the prophet.

Dr Salim Abatcha
Deputy National Amir

Zakatul Fitr
Committee Report

The Committee oversees the collection & distribution of Iftar, Zakataul Fitr & Zakkah for the forum. Iftar is donation received for the feeding of fasting poor during Ramadan & Zakatul Fitr is an obligatory form of alms giving required of every able Muslim at the end of Ramadan.

A total sum of N580,000 was collected as Zakatul Fitr from various brothers and sisters across the UK. Alhamdulillah, the exercise for the distribution of grains was conducted successfully. Grains were purchased and distributed to the needy in 7 states by representatives of the forum. We remain indebted to our representations in Nigeria. May Allah SWT reward them abundantly.

Iftar programme which commenced in 2014 was maintained this year. The total sum of N1.1m was donated towards Iftar programme. This was distributed in 17 states. Food for the breaking of fast was provided to fasting muslim brothers & sisters. We are indeed indebted to the various brothers and sisters who have contributed their Zakatul Fitr and Sadaqa to the forum. May Allah SWT reward all abundantly.

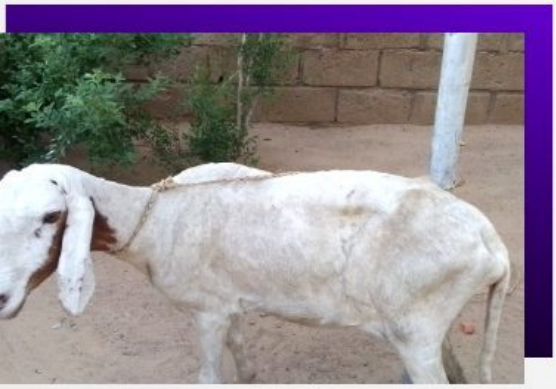

2024 Qurbani Exercise

Introduction

Qurabani is represents one of the great rituals of Islam, and among the greatest acts of devotion and obedience. It symbolises sincere worship to Allah (SWT) alone, and adherence to His commands and prohibitions.

Muslim jurists stated by way of analogy that it is permissible for a maximum of seven (7) persons to jointly offer Qurbani of a camel or a cow based on the tradition narrated in Sahih Muslim from Jabir (RA) who said, "we went out with the Messenger of Allah (SAW) for Hajj, and he commanded us to share in the sacrifice of camels and cows, seven people sharing in one camel or cow." The jurists further stated that the person(s) offering the Qurbani may delegate someone else to slaughter it on their behalf based on the act of the Prophet (SAW) when he delegated Ali ibn Abi Dalib (RA) to slaughter Qurbani.

It is based on the foregoing that the NMFUK and NNMI organized Qurabni exercise for the needy in Nigeria. Accordingly, the NNMI hereby presents this comprehensive report including recommendations for future improvements.

Organizing the Qurbani

The Qurabani was organized by the Zakat Committee of the NMFUK. The Committee issued a flyer announcing Qurbani Appeal in the sum of GBP 80 (N144,000.00) for a ram, GBP 250 (N450,000.00) for a full cow and GBP 35 (N63,000.00) for a 1/7 fraction [of a cow]. The flyer also appeals for donations. 12th day of June deadline for the collection was imposed by the Committee.

Targeted beneficiaries

The Qurbani is shared among the needy (Qur'an 22:28). However, the Committee cited the orphanage, the IDPs and Prisons as the main targets.

The Collection

The total Qurbani collection stands at 1 person purchasing a ram, 7 persons purchasing 1/7 of a cow each, and 1 person purchasing a complete cow as follows.

Total: 9

The person who purchased a ram paid N144,000.00 based on the rate set by the Zakat Committee. This Qurbani was dedicated to detainees in Borno Correctional Facility, Borno State. The NNMI provided tags containing the NMFUK and NNMI logos to be used. However, the Correctional Facility officials rejected use of such labels as they were ban by the authorities, hence, plain pictures were taken.

Initially, only the first 2 persons paid for 1/7 fraction of a cow each at N63,000.00, as such they did not meet the price for a complete cow and their intended Qurbani is that of a fraction of a cow not a ram, in addition to the fact that the money they paid cannot cater for the logistics and cost of a proper ram. In search for a solution, the NNMI approached one Malaysian charity delivery agent, the Nigerian-Malaysian International College, Kano to purchase 2 fractions of a cow. Luckily, we got two slot but against the last date of the Qurbani and we paid. After we paid, we collected the additional 3 persons, i.e. the 3rd – 5th on the list. We, therefore, approached the people for additional fractions. Our number having risen to 5, the charity decided to add 2 of its buyers, slaughter distributed a complete cow jointly with NMFUK/NNMI on behalf of the 7 buyers. The meat was given to orphans, widows and other needy. However, the charity, by its policy, does not photo the beneficiaries other than the cow before and after it was slaughtered.

Furthermore, the delivery agent was highly impressed by the NMFU/NNMI's Qurbani initiative even though the performance was low. He encouraged us not to be discouraged as that was how their charity started, and now the charity slaughter 100s every year. He, therefore, delegated the NMFUK/NNMI to slaughter and share 1 complete cow on behalf of the person who purchased it along with other 12 cows. He provided transportation and all necessary logistics.

Conclusion

The 2024 Qurbani exercise, organized by the NMFUK in collaboration with NNMI was a laudable initiative aimed at discharging the sincere worship and obedience to Allah (SWT), and a significant step in supporting and ameliorating the hardship suffered by the needy in Nigeria. Despite some challenges, such as discrepancies in payment collection and logistical hurdles, the exercise successfully distributed meat to the targeted beneficiaries and other needy. The dedication of the Zakat Committee members and our people in the NNMI is highly commendable. The crucial role played by the Nigerian-Malaysian International College overcoming these challenges is also commendable.

May Allah (SWT) reward all and sundry who contributed towards the cusses of the project.

Salisu Muhammad Gumel, Esq, JP, NP
Amir, NNMI.

NNMI

Our Partner Charity in Nigeria

Barrister Salisu Gumel
Amir, NNMI

The Network for Nigerian Muslim Initiative (NNMI) is the charity in Nigeria that supports the work of NMFUK on the ground. What members give in the United Kingdom, NNMI delivers in Nigeria: to the right people, at the right time, and with care.

NNMI is led by its Amir, Barrister Salisu Gumel. Many of its volunteers once lived in the UK. Some were students who completed their studies and went home; others were residents who returned to Nigeria. They have carried the spirit of the Forum with them, and they continue to serve through its charitable work.

Zakat
Collected by NMFUK and distributed by NNMI to eligible families.

Ramadan feeding
Food packs prepared and shared during the blessed month.

Qurbani
Animals sacrificed at Eid al-Adha and the meat shared with those in need.

Orphans and welfare
Disbursing, monitoring and reporting on support for orphans.

Food packs ready for distribution

Zakat and Ramadan support handed over

Each pack carries household staples

Qurbani meat shared in equal portions

Portions set out for families

Labelled on behalf of each donor

Regional Updates

London Chapter

The London Chapter brings Nigerian Muslims across London and Essex together through learning, worship and service to one another.

Weekly ta'lim at the Central Mosque

Every week the chapter holds its ta'lim at the London Central Mosque, Regent's Park, led by Sheikh Abdulrazak Ibrahim. The circle is open to all, and it remains the heart of the chapter's activities.

Guest speakers across London and Essex

The chapter invites guest speakers to deliver lectures to the community across London and Essex. These special sessions address topical issues and bring members and their families together beyond the weekly circle.

One community

The chapter gathers the community at Eid and stands with families in times of need and bereavement. It continues to champion the Forum's National Centre project.

Sheikh Abdulrazak Ibrahim
Amir, London Chapter

London Chapter members at the London Central Mosque

West Midlands
Regional Cluster

Dr Musa Muhammad Mahmud
Regional Amir, West Midlands

The West Midlands cluster brings together the Birmingham, Coventry and Wolverhampton chapters under one Regional Amir. The chapters plan together, host one another and share major events, and this year the region is proud to host the Forum's AGM and Conference in Birmingham.

Birmingham

- Weekly Qur'an classes, the heartbeat of the chapter
- Weekly football training for fitness and brotherhood
- Host of an NMFUK Quarterly National Meeting
- Meet-and-greet sessions and mentoring for newly arrived students and professionals
- Joint programmes with the Islamic Society at the University of Birmingham
- Annual Eid barbecue in Solihull for families, students and friends

Coventry

- Joint events with Birmingham, hosted in both cities, to strengthen unity and cohesion
- Nasiha gatherings for all members
- Family iftar with students and the local community
- Academic members guide students and parents through the education system
- Airport pick-up for new students and help with finding accommodation

Wolverhampton

- Weekly Fiqh and Hadith ta'lim classes
- Ramadan iftar and Eid gatherings, locally and with other West Midlands chapters
- Help for new students and skilled workers with accommodation, GP registration and shopping
- Guidance on academic writing and study skills
- City orientation and airport collection for new arrivals

Manchester Chapter

Manchester chapter hosts a welcome event for its new members during freshers', including providing travelling and accommodation information, especially for new students coming to study in the Greater Manchester region. These events are always shared with the broader community to promote cohesion and a sense of community. The chapter recently had an Eid event dinner for family and friends in Manchester in July of 2022. The chapter is also at the forefront of the collection of Zakatul Fitr on behalf of the forum.

DR Salim Abubakar Abatcha represent this chapter.

Scotland & North East
Regional Cluster

The Scotland and North East cluster brings the Newcastle and Glasgow chapters into one report. Both serve students, professionals and families far from home, and both are known for their warm welcome.

Newcastle

Sharing food at a Newcastle Chapter community gathering

Newcastle is one of the most active chapters of NMFUK, and the first point of call for many brothers and sisters arriving in the city and its surroundings.

- **Brothers' circle.** A fortnightly ta'lim on Islamic finance and Islamic manners, in line with the Qur'an and Sunnah.
- **Sisters' ta'lim.** Qur'an recitation, tafsir, hadith and fiqh, drawing sisters from beyond Newcastle.
- **Send-forth and welcome.** A yearly walimah to thank outgoing officers and graduating members, and to welcome new arrivals.
- **Eid celebration.** A barbecue with Nigerian food that now draws more than 50 families from Newcastle and other cities.
- **Charity and practical help.** Ramadan feeding, donations to displaced people in Nigeria, and help for returning students to send their belongings home.

Glasgow

The Glasgow Chapter has had an active year, shared with members through its monthly bulletin.

- **Iftar feeding.** Members' contributions fed people in need over two days in Ramadan.
- **Eid walimah.** A well-attended celebration, with plans for a children's play area and a fuller programme next time.
- **Youth engagement.** Young members asked for mentoring, safe spaces and regular meetings. Monthly sessions are being planned.
- **Sisters' circle.** An iftar gathering led to a steering committee for regular meetings and activities.

290
people fed over two days in Ramadan

£2,011
raised for the Eid celebration

NMFUK GLASGOW CHAPTER
Monthly Bulletin
Shawwal 1447AH / April 2026 Edition

Pre-Ramadan Reflection

- In preparation for Ramadan, Ustadh Matin reminded us of the central role of the Qur'an in our lives. Beyond recitation, we were encouraged to reflect deeply and act upon its teachings.
- The key message was simple yet powerful: ***To benefit from Ramadan, we must strengthen our relationship with the Qur'an—and sustain it beyond the month.***
- Sincerity and consistency remain essential in allowing the Qur'an to guide and transform our daily lives.

Strengthening Our Bond: Youth Engagement

- We held a meaningful session with our young members to better understand their needs. Key takeaways included:
  - Desire for **mentorship and guidance**
  - Need for **mental health support and safe spaces**
  - Interest in **regular meetings and activities**
  - Access to **useful community resources**
- Moving forward: Monthly and Bi-monthly engagements are being planned.
- Get involved:

Iftaar Feeding Programme

- Alhamdulillah, with contributions from just **7 people**, we:
  - Raised **£170**
  - Fed **290 people** over two days
- This shows what collective effort can achieve. Imagine what more we can do together!

Reminder:

- Monthly dues: **£20 (£10 for students)**
  - 6 months: £120
  - Full year: £240

2025 Activities

1. Eie el-Fitr gathering at Bradford 5th April 2025 at The Event Place
2. Eid el-Adha gathering at Leeds 14th June 2025 at Roundhay Park
3. Bradford townhall meeting - August 24th
4. Leeds townhall meeting - August 30th 2025

Bradford Eid pictures

Bradford Eid pictures

Executive Summary: NMF UK West Yorkshire Town Hall Meetings **Bradford:** August 24th **& Leeds:** August 30th 2025.

Purpose: To provide the National Management Committee with a consolidated view of member feedback from recent town halls, highlighting systemic issues, risks, and opportunities for reform.

Context and Analysis: The Bradford and Leeds town halls revealed consistent themes that point to systemic challenges within NMF UK. While members value the organisation's role in bereavement support and community connection, there is a widening gap between expectations and delivery. The discussions highlighted a credibility risk: members increasingly question the value of their contributions due to weak visibility, centralised financial control, and limited communication. Unless NMF addresses these governance and operational issues, member disengagement will deepen, particularly among youth and women. Both chapters expressed frustration with "meetings without action," signalling that the organisation's legitimacy is being tested. At the same time, there is clear appetite for reform, with members offering practical proposals around finance, communication, and youth engagement.

Key Findings:

- **Visibility and Awareness:** Less than 40% of attendees had visited the website; the constitution is poorly known. NMF's public profile is weak, undermining recruitment and credibility.
- **Finance and Trust:** Centralised funds are perceived as opaque and slow to reach chapters. Members are reluctant to contribute without visible local impact.
- **Communication and Data:** Absence of a membership database and lack of regular reporting prevent effective planning and accountability.
- **Youth and Women Engagement:** Both groups are underrepresented. Youth face identity challenges and lack structured programmes; women's turnout is low, with calls for family-friendly arrangements.
- **Operational Gaps:** Website functionality is broken, minutes and updates are inconsistently shared, and there is no dedicated administrative resource to ensure continuity.
- **Strengths to Build On:** Bereavement support remains a highly valued service; Eid gatherings and networking opportunities are recognised as positive.

Top Recommendations (Leadership Actions)

1. Finance Reform: Develop and consult on a decentralised funding model (e.g., 70% local / 30% national) with clear governance safeguards and transparent reporting.

2. Data and Membership Management: Establish a GDPR-compliant central membership database, including dependants, with controlled chapter access.

3. Communications and Visibility:

- Repair the "Join NMF UK" website function and add city-specific pages.
- Launch a monthly bulletin combining national and chapter updates, KPIs, and financial snapshots.

4. Youth and Women Engagement:

- Pilot structured youth programmes (sports, mentoring, career readiness, religious workshops).
- Introduce family-friendly provisions at meetings and actively encourage women's participation.

5. Operational Capacity: Recruit or fund a full-time administrative/secretarial role to ensure consistent communications, record-keeping, and follow-through.

6. Governance and Accountability:

- Approve and publish the welcoming guide for new members and students.
- Commit to quarterly town halls with published action trackers.
- Ensure AGM in October includes e-participation to widen access.

Strategic Takeaway: The town halls underscored that NMF's long-term sustainability depends on rebuilding trust through transparency, decentralisation, and visible impact at the chapter level. Members are not disengaged out of apathy but out of frustration with structural bottlenecks. There is appetite for reform, but credibility depends on visible action. Addressing finance, communication, and youth/women engagement is central to maintaining legitimacy and ensuring NMF remains a credible, unifying platform for the Nigerian Muslim community in the UK.
